LabelManager 220P

Easy-to-use label maker with PDA-style keyboard

Labels

LabelManager 220P

The new LabelManager 220P, a portable label maker with a typewriter-style keyboard, is a great option for all your labeling needs. You can operate this exclusive and compact label maker with your thumbs, just like your favourite PDA.

Additionally, the LabelManager 220P offers a wide range of features: create distinctive custom labels for everything from safety warnings to invoice files. The result will be an unmistakable and immediate improvement in the professional appearance and effectiveness of your work environment.
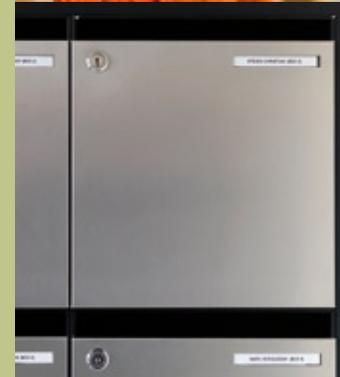

EASY, VERSATILE & PACKED WITH FEATURES

The versatile LabelManager 220P prints professional labels on three different widths of DYMO tape, offering you many labeling possibilities. And because it is so compact, you can take it with you wherever and whenever you want.

QUICK GLANCE LABEL MAKER FEATURES

- Unlike other label makers, the large graphical display shows exactly how your label will print. This means no more guessing what the label will look like. What you see is what you get!
- Easy navigation from start to print
- Quick access buttons to punctuation, currency symbols and diacriticals (for instance é, à, ç,...)
- Auto power-off to extend battery life
